

The IRC was busy trying to keep up with the many requests for group information and new group packets and starting new groups. We did send out a new group information and help a new group start in Belgium. Found out our package was sent back from Romania and sent out again to the correct address. The contact did receive it and was excited about starting the new group.

During the month, I was asked to present a motion in Florida for Argentina. They wanted to increase their allocated trustees from two to four. They have met the requirements and the item is on the agenda which I will be happy to present at the meeting. Along with their letter from their intergroup.

Looking forward to what September will bring. I would also like to thank the members of the IRC who have helped assist me this month.
