

US Prison Committee: December 2018 Committee Report

Committee Chair: Craig F. Area 13B

BOT Chair Liaison:

December 30, 2018

Literature Requests

We had 1 literature request from Pocatello, Idaho. ISO fulfilled the request.

Service Opportunity

We currently have 1 request for a sponsor for a male inmate that is currently in Frackville, PA. He is scheduled for release in January and is looking for someone to talk to. If you are interested in contacting this person, please email or call me directly for their contact info.

Starting from Scratch

ISO has sent me all of the requests from 2018. I have yet to receive any response or any information from the previous committee. At this point, we will attempt to rebuild the prison meeting lists, pen pal lists and any other documentation to make this committee successful going forward. This will take some time.

This committee is accepting new members. Please contact me to join.

Happy New Year

Craig F
