### **Trustee Website Committee Monthly Report – November 2017**

The committee was less active in November after the Ontario conference, as most of the work in the previous months were focused on the conference.

The day-to-day operations of the old website have continued without any issues. The Trustee Line postings have increased since the conference. The old website has not been updated to reflect the changes coming out of the Ontario Trustee Meeting as the new site will reflect all of the new changes/updates.

There is a lot of work ahead to complete the new site. The WordPress theme upgrade was completed earlier this month at a cost of \$31. This upgrade provides additional features and flexibility as well as removes the WordPress reference on the footer of the page. We will begin the process of migrating files from old site to new and loading content to complete the new site by the end of the year.

We are actively seeking a new committee member with WordPress expertise. This person must meet the same requirements as those to become a Trustee. If you know a member who is interested, please ask them to contact me at the email address listed above in this update.
