### **Trustee Website Committee Monthly Report – December 2017**

The committee is pleased to announce that the new Trustee Website launched successfully on December 18<sup>th</sup>. Initial feedback from our Trustees about the new website has been very positive.

The new website is visually pleasing and organized to make it easier and faster to find information and tools. Additionally, the site utilizes content management software which makes it easier to make changes and updates to the site.

The site is now fully functional and agenda items may now be submitted for Cancun. Once the final Ontario Trustee Minutes are complete, the committee will post the minutes and update sections of the site to reflect the changes that came out of our Ontario Trustee Meeting.

The content and materials on the site is the same from the old with the exception of the items that were slated removal, such as the Trustee Poll, as part of the Cherry Hill 2017 Trustee Website Committee Conference Report. To see a complete list, please refer to the report.

We are looking to add new committee members with WordPress experience. Members need not be a Trustee, but must have two years in recovery. If you know a member who is interested, please ask them to contact me at the email address listed above in this update.
