

J.I.P. MEETINGS IN CANADA Committee Report

Since our last report in May 2011, there has been very little activity on our Committee. Attached is a list of known J.I.P. meetings in Canada. No new meeting was started.

Several institutions, especially in Quebec, were contacted and, although they have no request for a meeting presently, they know we exist and we are ready to help. We are happy to report that the meeting at the Joliette facility for women is now held on a weekly basis, every Thursday evening.

Our weekly meeting in a man shelter in Montreal is now closed due to a lack of participation from the residents and a lack of GA volunteers.

We are still sending every month our current regular meetings listing to most known Therapy facilities in the Province of Quebec so they can refer their patients to Gamblers Anonymous once their therapy is over. We see more and more newcomers being referred by these institutions.

Lastly, we will discuss with the JIP Committee for the USA the possibility of merging the two JIP committees as it was before.
