Trustee Website Committee Report for Chicago, Fall 2023

Recently we added a CAPTCHA to the forms for submitting information on the website after we started receiving large volumes of robo-spam mail.
CAPTCHA (Completely Automated Public Turing test to tell Computers and Humans Apart) is a type of security measure known as challenge-response authentication.

Otherwise, Walter, Renee and Butch continue to do an awesome job of adding to the website as they are able. Much appreciation for their efforts!

If you are a committee chair, please do not hesitate to check your committee's webpage for updates, and do not hesitate to send changes, big or small. Also, I can add any documents to your page for downloads.

Others continuing to contribute and editing the website: (Thank you!)
Walter G   Memorial
Renee G   Trustee Line
Butch G   Rolling Agenda

SHORT TERM GOALS:
1. Keep the existing website up and running, essentially maintaining the site as needed
2. Outlining all the roles others have in helping to maintain the site, encouraging others to help, as able
3. Maintain trustee mail lists, current and past.
4. Provide information to trustees about the process of forming the agenda
5. Respond to all inquires that come into the website, forward as needed

LONG TERM GOALS: *(rolled over from previous trustee meetings)*
1. Review the current local area website guidelines and propose possible amendments.
2. Once finalized, send the updated guidelines to all areas, especially those with websites, and perform a review of those sites to assist in compliance. (would require additional help)
3. Find new members to volunteer for the website.
