

**Spanish Literature Committee BOT Report**  
**April 20, 2023**

The Spanish Literature Committee has continued to make good progress since the last BOT Committee meeting. We have been averaging at least one piece of literature per month translated/updated and corrected. Thus far we have been reaching our goal. Our committee members have been meeting about every two weeks. There were a few times that we met weekly as needed.

These are the new pamphlets/booklets which we have translated/updated: 1) Beyond the 90 Days, 2) Your First Reunion, 3) Questions and Answers, 4) Suggestions for Retention of New Members, 5) Suggestions for Coping with Urges to Gamble. The member list on the trustee website needs to be updated again. It will be updated before the end of this month.

Respectfully Submitted,
