

Spanish Literature Committee Spring Trustee Meeting 2025

The last revision and update completed by our Spanish Literature Committee was for "Working the Steps" booklet in December of 2024.

We had also started working on the revision of the Spanish GA Red Book (A New Beginning). But we stopped the work on it because the English GA Red Book that we were using as a reference, was very outdated. We plan to resume work on it after the English GA Red Book is brought up to date.

We have now as of April 15, 2025, started working on updating our Spanish booklet for the "Group Handbook".

Respectfully,
Julian F.
