

Blue Book Revision Committee Report

July 2019 BOT

Following the Spring BOT meeting and having had the Blue Book remitted to the Committee, the Blue Book Revision Committee met shortly after the Spring Conference and decided to request feedback from Trustees.

A blast email was sent from the Chair of the BOT that requested specific feedback and gave a closing date for receiving feedback as July 30, 2019. Several emails were received.

The Committee will begin meeting in September to review this feedback and will present the amended document at the Spring 2020 BO meeting.

Respectfully submitted,

Jeannie B.

Blue Book Committee
