

**Defining the Relationship of Gamblers Anonymous with Gam-Anon
January 2020
Meeting Report**

The committee has worked very hard. We have all learned a lot from one another and have been open to each other's opinions. We recognize the importance of a definition for this relationship and are happy to report that we will be making a recommendation to the Board of Trustees meeting in Seattle this April, with two agenda items. Please review the agenda prior to attending the Seattle BOT meeting or submitting your absentee vote.
