

## Fourth Step Inventory Revision Committee Report

September 2019

The mission of the Fourth Step Inventory Revision Committee is to review, revise, and rewrite the Gamblers Anonymous publication “A Guide to Fourth Step Inventory” to create a more robust and effective tool of recovery for the fellowship of Gamblers Anonymous that addresses both moral and financial inventories.

The Chair is currently researching platforms that will enable the Committee to be able to share a live, revisable document in a conference call setting. Because there is a great deal of crossover in membership between the Blue Book Revision Committee and the Fourth Step Inventory Revision Committee, work will commence in October 2019.

Jeannie B

Committee Chair
