

**International Borders Committee Report**  
**January 2019**

After last month's report, regarding having an insufficient number of committee members, we received an email regarding a Trustee from Mexico who wished to volunteer for the open position.

As a result, the committee is now able to proceed with its work. The first meeting will take place at some time in February.

There is nothing further to report.

David M. – Area 12 – Chair  
International Borders Committee
