

## International Relations Committee Report – 11/30/16

We continue to receive inquiries from people around the world needing GA assistance. Since our Committee meeting in San Diego, we have been contacted by people in Bangladesh, Thailand, South Wales, St. Maarten, China, the Philippines and a few others. Unfortunately, we do not have meetings in some of the areas where the inquiry came from. In those cases, someone from our committee has reached out to contact that person to see how we can help. Contact with someone one-on-one is very much appreciated.

If any additional GA members are interested in working on this committee, please contact either Frank or me.
