<i>Andre G.</i>	<i>Member</i>	<i>Area 5B</i>
<i>Marie R.</i>	<i>Member</i>	<i>Area 1B</i>

Our committee presented Item 63 during the past International Conference in Cancun. Article XI of the Guidance Code passed the first vote; will be up for the second vote during the Spring International Conference in Phoenix, Arizona, May 2016. Our committee is currently elaborating a document through which the functions and purpose of an RSO will be explained to all members of our fellowship, including the BOT.

Claude C. and Andre G. have volunteered to develop this document and present it to the RSO committee for revision and final approval before its placed on the next agenda. Our committee meets on a regular basis through telephone conferences and stays in touch through electronic correspondence.

With gratitude
