

Spanish Literature Committee Report
February 28, 2017

Our Spanish Literature Committee is still in the process of re-evaluating and re-assessing its work and strategy to insure that we are following the GA Guidance Code per the request of Andy R. (BOT Chair). I have written a letter to Juan B., trustee of Area 21 from Spain to ask for co-operation from Spain's RSO in putting together a new strategy for our committee. I discussed the problem that Spain's RSO has with Andres G being the Co-Chair and Andres G. volunteered to step down as Co-Chair if it will help our Spanish Literature Committee continue with its work and mission. I am still waiting to hear back from Juan B (Area 21 trustee) who has the support of Spain's RSO.
