

Spanish Literature Committee Report August 2019

My thanks to Karen H. for expediting the printing of three more Spanish GA Literature pamphlets and getting them ready for sale by the ISO!

The three Spanish GA Literature pamphlets below have now been printed by the ISO:

- 1) Suggestions for improving new member retention (Sugerencias Para la Retencion del Nuevo Miembro),
- 2) Suggestions for dealing with urges to gamble (Sugerencias Ante Los Intensos Impulsos Para Jugar)
- 3) Your First Meeting (Tu Primera Reunion).

Thanks to Steve F (first BOT Co-Chair) for reaching out to our Spanish Literature Committee! With Steve's help, our Spanish Literature Committee has identified two tools that will help us communicate more efficiently and speed up the work on translating Spanish GA Literature by our committee which has a significant number of members overseas. I will be looking at "Google Docs" tool and "call.com" tool next week. We want to use Google Docs to share word documents of approved English GA literature among members of our committee and jointly contribute to an accurate and high-quality translation. We want to use "call.com" to improve communications with tele-conferencing.

Our Spanish Literature Committee has continued to work on translating and updating the two GA approved pieces of literature below.

- 1) RSO Guidelines
- 2) Unity Steps – Work Study Book
