

Spanish Literature Committee Report

February 29, 2020

Our Spanish Literature Committee is almost done updating the Guidance Code in Spanish to match the current English Guidance Code at the trustee website. As soon as we complete all updates, I will deliver a new Spanish GA Guidance Code to the trustee website administrator. We have also translated all the agenda items approved at the last BOT meeting to make it available to all Spanish speaking trustees so they can share with regional offices, intergroups and groups in their Spanish speaking GA areas.

We are currently updating the Spanish Combo Book using the English Combo Book as the gold reference which was last revised August of 2018. No other Combo Book updates are planned until after the upcoming BOT meeting in Seattle, Washington when new changes could be approved by the BOT.

Respectfully Submitted,

Julian F.

Committee Chair
