

## **Spanish Literature Committee Report**

**December 31, 2020**

Our Spanish Literature Committee completed updating the Guidance Code in Spanish which is now current as of the Montreal trustee meeting that took place in the Fall of 2019. I will deliver it to the trustee website administrator in the first week of January, 2021.

Our committee also completed updating the Spanish Combo Book that was last revised in April of 2016, using the most up to date English Combo Book (June 2020) as the gold reference. I made arrangements with Karen H from the ISO to deliver it to the ISO for archiving but won't go into print until the current inventory of Spanish Combo books is reduced significantly. As of this date, the ISO still has about 928 of the "April 2016" Combo books in their inventory. The new Spanish Combo book, when it goes into print will be labeled with a revision date of "December 2020" or "12/2020".

Going forward, I plan to schedule ZOOM meetings once every 2 months with members of our committee from the USA, SPAIN, ARGENTINA, MEXICO and any other Spanish speaking areas that want to participate.

Respectfully Submitted,

Julian F.

Committee Chair
