

## **Spanish Literature Committee Report**

**January 31, 2021**

Found a print typo in the Spanish Combo Book that was last revised in April of 2016, and have made the correction in the updated Spanish Combo Book (June 2020). I made arrangements with Karen H from the ISO to deliver it to the ISO for archiving but won't go into print until the current inventory of Spanish Combo books is reduced significantly. As of this date, the ISO still has about 900 of the "April 2016" Combo books in their inventory. The new Spanish Combo book, when it goes into print will be labeled with a revision date of "December 2020" or "12/2020".

I will deliver the updated Spanish Guidance Code to the trustee website administrator in the first week of February, 2021.

Going forward, I plan to schedule ZOOM meetings once every 2 months with members of our committee from the USA, SPAIN, ARGENTINA, MEXICO and any other Spanish speaking areas that want to participate.

Respectfully Submitted,

Julian F.

Committee Chair
