

Trustee Website Committee Report

April 2016

In the month preceding any Trustee meeting, changes to the Trustee website are mostly limited to providing the files and information for the upcoming Trustee meeting.

The Rolling Agenda was disabled when the official Phoenix Trustee Agenda was released. The Submit An Agenda Item is open, but any item submitted, will be for the San Diego Trustee meeting in the Fall of '16

The trial feature of the International Area section seems to have had no activity by either the Trustees from the 6 foreign areas.

There have been no responses to any of the 49 Local Area Q & A section since September of last year.

The committee is expecting a very schedule with changes in committee chairs and members, going into the June monthly reports.
