

Trustee Website Committee

Purpose:

- 1) - To oversee the Trustee website.
- 2) - To periodically review all websites that infer or imply membership or representation of the Fellowship or Corporation of Gamblers Anonymous, and evaluate the websites for compliance with approved Local Area Website Guidelines. Trustees and area trusted servants will be made aware of any deficiencies that need to be corrected. Websites from outside entities are not included.
- 3) - To review new designs, features, enhancements and any other changes that would be demonstrated to the Board of Trustees for approval and deployment to any website approved by the Board of Trustees.

Trustee Website Committee Monthly Report – August 2017

David M. who created the Trustee Website and devoted many years and hours of service to support the site, decided to step down as Chair of the Website Committee. The news of his departure has left a huge void. Thank you David for you vision, wisdom, devotion and service to the Fellowship, you will be missed!

Since the news of David's departure the committee has been busy ensuring the site continues to run smoothly and is updated, as the demands on the site increase with the approaching Trustee Meeting in Ontario. The site was moved to a new server account, new email aliases were set up, the content on the site was updated and site issues were identified and resolved or are in progress of being fixed. The committee apologizes if anyone encountered any issues with the website during the month.

The current website was built several years ago and the support life of the coding will reach its end late next year. The committee has started discussions on replacing the existing site as it is becoming more apparent it is needed.

The committee added two agenda items for the Ontario Trustee Meeting to discuss funding to support the website and to use outside resources if needed.

We are looking for new committee members with experience developing websites. If you know someone who may be interested, please ask them to contact me at the email address listed in this update.
