We are coming up on the deadline for agenda submissions for Seattle.

We are working on some improvements to the website. We have updated the homepage to reflect Seattle attachments. We are also testing some mass email plug-ins for Trustee Line Subscription. Our plan is to roll it out to Current Trustees by San Diego. Once that roll out is complete, we will expand to past Trustees and other GA members. The plan is to make it an "opt-out" status for current Trustees and an "opt-in" status for all others.

We had a lot of activity on the Trustee Line this month. I hope we continue to use it as the tool it is intended for. We made some improvements to the design and borders, trying to make it easier to see when new topics start.
